

Hypnosis Apprenticeship Training Program

WHAT IS IT

This is a 15 week seminar that meets Tuesdays—Fridays from 7:00PM–10:30PM. During this program you will learn how to do hypnosis from a teacher with many years experience. You will not only learn, but you will DO.

In this program, you will begin working with fellow learners, one on one, and under supervision.

Once you have reached a level of competency, you will move on to working with a general public audience with real goals and outcomes.

This is emersion apprenticeship training available to very few.

What it is NOT

This should not be considered any form of vocational or technical training. It is not a degree program, nor does it seek to teach any medical or psychological material. It is not a program in counseling. It is up to each individual learner to determine what use of this information may or may not be legal, or appropriate in their given field, city, state and/or country. No guarantees, warrantees, accreditation or claims are made what-so ever.

How Much Is it

This program happens only by request. It has currently been scheduled due to demand, and may not happen again for a year or more. The program is \$3,000.00 per person, and is paid in installments over the course of the class. A \$400.00 deposit is due before the first class. And \$200 per week thereafter.

Sponsorship Opportunity

Because this is a program on request, we are seeking to fill up an existing upcoming seminar. We need 3-5 more learners to fill this seminar. Because of that, we are offering QUALIFIED, DEDICTAED persons the chance to receive a “sponsorship discount.”

The discounted fee would be \$750.00, That is 75% off the normal fee. To qualify, send us an e mail with your educational background, reason for wanting to attend, related training or experience, and a brief discussion of your ability to make the dedicated commitment of time, money and seriousness. This sponsorship opportunity comes at the request of one of the current full paying learners, in order to round out the class. Therefore, only those who are dedicated, and committed will be offered this chance.

JUNE 2007

Hypnosis Apprenticeship Program

- Learners are asked to get very involved this month in their own curriculum. Teaching, share and discussing with each other, as well as offering feedback to the mentor as to where they feel they need more direction.

- Not all dates marked with **LS** will have live sessions. Live sessions will happen as possible, when people are available. Learners are **ENCOURAGED** to network among their groups of friends and family for those who might like to work on a situation, without having to pay.
